SCHOOL-WIDE ALTERNATIVE EDUCATIONAL SERVICE PLAN

In accordance with M.G.L. c.76, §21 and 603 CMR 53.13, the Advanced Math and Science Academy Charter School (AMSA) makes available alternative educational services to any student who is suspended from school in excess of ten (10) consecutive school days or expelled. If a student is suspended in excess of ten (10) consecutive school days or expelled, AMSA will work with the student and family to provide opportunities for the student to receive alternative educational services necessary to enable the student to make academic progress including earning course credit toward the completion of graduation requirements. For students suspended for more than ten (10) consecutive days or expelled, academic work is given and corrected by AMSA staff. AMSA staff (counselors, learning specialists and/or teachers acting as tutors) will work, support and supervise students during this suspension or expulsion. This may take one of the following forms:

☐ Individual Small Group Tutorial Services:

The suspended student will be assigned to individual or small group tutorial sessions to be conducted on school grounds or at a location to be determined by AMSA.

☐ Online Curriculum Provider with tutoring. The online curriculum will align with AMSA requirements and be credit-bearing. Curriculum is completed both independently and with the support of a tutor provided by AMSA two (2) hours per week.

Parents and students may select the preferred alternative educational service. Upon selection, AMSA will facilitate and verify the student’s enrollment in the preferred alternative educational service. Parents and students with questions regarding the available alternative educational services should contact the Principal, Michael Nawrocki, at 508-597-2410.
